PASSION

According to a recent survey about 75% of the population does not know what their true passion is.

Many of us are not doing what we are meant to be doing.

This is an eye opener because doing what we really love is absolutely necessary if we want to be fully happy.

God has created each one of us uniquely and wonderfully. We each have gifts and talents to offer this world.

Our passions are what inspire our purpose here and we need to be aware of them so we can fulfill our divine destiny.

Please answer all of the questions below.
